Information is subject to change without notice. Nortel Networks reserves the right to make changes in design or components as progress in engineering and manufacturing may warrant. This equipment has been tested and found to comply with the limits for a Class A digital device pursuant to Part 15 of the FCC rules, and the radio interference regulations of the Industry Canada. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case users will be required to correct the interference at their own expense.

SL-1 and Meridian 1 are trademarks of Nortel Networks.

## Revision history

---

**April 2000**

Standard 18.00. This is a global document and is up-issued for X11 Release 25.0x.

**June 1999**

Standard, release 17.00. Up-issued for changes in the content of the suite.

**October 1997**

Standard, release 16.00. Up-issued for changes in the content of the suite.

**August 1996**

Standard, release 15.00. Up-issued for changes in the content of the suite.

**December 1995**

Standard, release 14.00. Reissued for changes in the binding of the suite.

**September 1995**

Standard, release 13.00. Reissued for technical content.

**December 1994**

Standard, release 12.00. Reissued for technical content.

**December 1994**

Standard, release 11.00. This represents a complete update and redesign of the Library navigator, including X11 release 20 changes and information previously contained in the *Master index of publications* (553-3001-000) and the *Binding specification* (553-3001-290).

**April 1994**

Standard, release 10.00. Updates are included for the option 61C.

**October 1993**

Standard, release 9.00. This represents a complete rewrite of, and replaces, the former *Master index of publications* (553-3001-000).

## About this publication

---

Nortel Networks produces libraries of publications called NTPs (Nortel Networks technical publications) that describe Nortel Networks products and services. This publication provides an overview of the Meridian 1 library and explains its use.

Users who are *familiar* with the Meridian 1 library and want to locate a specific publication by NTP number should refer to “NTP Listing” on page 33.

Users who are *not familiar* with the Meridian 1 library and want to find out about its organization and content should refer to “Library organization” on page 9.

### Changes in X11 Release 25 Documentation

This section summarizes the documents introduced, merged and retired in Release 25.

### X11 Release 25 Library

This section describes the contents and publications of the Library Manuals.

---

# Library organization

---

## Library Components

The library contains the following components.

**Figure 1**  
**Meridian 1 library components**

## Library

The set of Nortel Networks technical publications (NTPs) for a particular system, is sometimes called the Meridian 1 library.

## Manual

A book that contains hard-copy technical reference document(s) intended for Nortel Networks customers. A manual is one of the following:

- *Binder*. A group of related NTPs. It is identified by an order number.
- *Spiral-bound guide*. An NTP that is spiral-bound and identified by an order number.

A manual is identified by an AO or P0 number; an NTP is identified by an NTP number.

## Order number

Identifies a publication that is separately orderable. The order number has formats:

P0XXXXXX = unique publication order number

A0XXXXXX = unique publication order number

For example, A0804747 is the order number of the Meridian 1 system Installation and Maintenance guide. Refer to “CCC = the major content of the NTP. For example, 110 identifies a product description NTP.” on page 10 for a listing of all the Meridian 1 order numbers.

Order numbers change with each product or library release. However, if you use an order code from a previous release, Nortel Networks sends you the most current version of the publication.

## NTP number

Identifies a unique NTP. The NTP number has this format:

AAA-BBBB-CCC

AAA = the product or division. For example, 553 identifies Meridian 1 NTPs.

BBBB = a family of related NTPs. For example, 2671 identifies Automatic Call Distribution (ACD) NTPs.

CCC = the major content of the NTP. For example, 110 identifies a product description NTP.

---

# Changes In X11 Release 25 Documentation

---

## Documents introduced in Release 25

The following table lists the NTPs introduced in X11 Release 25:

**Table 1**  
**NTPs introduced in X11 Release 25**

NTP NUMBER	TITLE	ORDER NUMBER
553-3001-117	Meridian Integrated Personal Call Director Description, Installation, Administration and Maintenance	P0914163 Stand-alone
553-3001-118	Meridian Integrated Call Assistant (MICA)	P0914162 Stand-alone
553-3001-119	Meridian Internet Telephony Gateway (ITG) Line Card 1.0/IP Telecommuter Description, Installation and Operation	P0912864 Stand-alone
553-3001-202	Meridian Internet Telephony Gateway (ITG) Trunk 2.0/ISDN Signaling Link (ISL) Description, Installation and Operation	P0912540 Stand-alone
553-3001-203	Meridian Branch Voice 1.0 Description, Installation and Operation	P0912867 Stand-alone
553-3001-259	Fiber Network Fabric Reference Guide	A0804748

**Table 1**  
**NTPs introduced in X11 Release 25**

NTP NUMBER	TITLE	ORDER NUMBER
N/A	Call Processor PII Description, Installation and Administration Guide	P0905705 Stand-alone
N/A	Call Processor PII System and Software Upgrade Guide	P0905706 Stand-alone

## Documents Merged for X11 Release 25

The following table lists the NTPs that have been merged into existing NTPs in X11 Release 25:

**Table 2**  
**NTPs merged in X11 release 25**

NTP Number	Final Release Number	Final Release Date	Publication Title	Merged with NTP
553-2671-151	—	—	Automatic Call Distribution Feature Engineering	553-2671-110
553-2901-100	15.00	June 1999	ISDN Primary Rate Interface Description and Administration	553-2901-301
553-2901-200	11.00	August 1996	ISDN Primary Rate Interface Installation	553-2901-201
553-2901-500	11.00	October 1997	ISDN Primary Rate Interface Maintenance	553-2901-501
553-3001-012	4.00	June 1999	North American Feature Listing	553-3001-011
553-3001-111	—	—	Digital Clock Controllers , Installation and Administration	553-2901-201
553-3001-173	—	—	United Kingdom Trunk Card Description	M1 UK Guide P0912437

**Table 2**  
**NTPs merged in X11 release 25**

<b>NTP Number</b>	<b>Final Release Number</b>	<b>Final Release Date</b>	<b>Publication Title</b>	<b>Merged with NTP</b>
553-3001-174	—	—	Generic Central Office Trunk Cards Description and Installation	553-3001-106
553-3001-305	15.00	June 1999	X11 Features and Services	553-3001-306
553-3001-400	16.00	June 1999	X11 Input/Output Guide (N.A.)	553-3001-311
N/A	—	—	E1 Lineside	553-3001-105
N/A	—	—	T1 Lineside	553-3001-105

## Documents Retired with X11 Release 25

The following table lists the documents that were retired in X11 Release 25:

**Table 3**  
**NTPs retired in X11 Release 25**

<b>NTP Number</b>	<b>Final Release Number</b>	<b>Final Release Date</b>	<b>Publication Title</b>	<b>Retirement Notes</b>
167-2191-200	—	10/15/79	Power Distribution Plant J2412a	Redundant Content
167-4201-200	—	08/12/77	UT1 Power Description, Installation and Maintenance	
169-2181-200	—	October 1984	J2357D Rectifier	
553-2001-100	4.00	December 1994	Japanese Features and Services	

**Table 3**  
**NTPs retired in X11 Release 25**

NTP Number	Final Release Number	Final Release Date	Publication Title	Retirement Notes
553-2001-191	4.00	December 1995	QPC422 Tone Detector Card Description	Replaced by 553-3001-149
553-2001-325	3.00	December 1994	Transmission Testing Capabilities Description and Operation	
553-2201-151 Appendix 1	5.00	07/12/91	X11 Memory Calculations	
553-2201-151 Appendix 4	—	July 1994	X11 Memory Calculations	
553-2201-184	—	—	Meridian SL-1 and Console Line Packs Description and Operation	
553-2601-500	3.00	December 1994	Remote Peripheral Equipment Maintenance Procedures	
553-2601-500A	—	—	QCA144 1.5 Mb/s Remote Peripheral Equipment Cabinet Appendix A	
553-2681-100	5.00	August 1996	Centralized Attendant Service Description and Engineering	
553-2711-180	6.00	July 1995	Flexible Tone and Digit Switch	
553-2711-190	—	—	SL-1 Pulsed E&M Signalling Trunk Circuit Description	
553-2731-106	4.00	December 1994	QPC723, RS-232 Interface Line Card Description, Installation and Operation	

**Table 3**

## X11 Release 25 Library

---

The following list contains the X11 Release 25 manuals and their corresponding order number:

- Library Navigator – P0912432 (1 manual)
- Planning and Engineering – A0804746 (4 manuals)
- Installation and Maintenance – A0804747 (3 manuals)
- Upgrades and Conversions – A0804757 (5 manuals)
- Remote Services – A0804749 (1 manual)
- Software Features – A0804751
- Software Input/Output Guide – A0804753 (3 manuals)
- Software System Management – A0804757(1 manual)
- Networking – A0804767 (3 manuals)
- Data Features – A0804771 (1 manual)
- Automatic Call Distribution – A0804775 (1 manual)
- X11 Hospitality – A0804777 (1 manual)
- DPNSS1 – A0788073 (1 manual)
- DASS2 – A0788088 (1 manual)

## **Manual contents**

### **Library Navigator – P0912432**

- a description of the changes made to the library
- available document indices
- library indices that include system-to-manual, NTP-to-manual, and manual-to-NTP cross-references

### **Planning and Engineering – A0804746**

- requirements and guidelines for installation sites
- identification of the hardware components and configurations of the system
- a description of compatible telephones, attendant consoles, and add-on modules
- engineering guidelines, provisioning information, and spares planning guidelines
- transmission and digital line engineering parameters
- descriptions of line, trunk, serial data interface, and tone detector cards

### **Installation and Maintenance – A0804747**

- procedures for installing a system and tests to verify that the system operates properly
- a list of compatible card slots, procedures for installing and testing cards, and settings for cards equipped with option switches or jumpers
- procedures for installing telephones, attendant consoles, and add-on modules
- a description of general maintenance features
- possible fault indications and procedures for isolating the problem
- procedures for replacing faulty equipment

## **Upgrades and Conversions – A0804757**

- procedures for upgrading Meridian 1 systems
- procedures for upgrading from one Meridian 1 system option to another Meridian 1 system option

## **Remote Services – A0804749**

- a description of Remote Peripheral Equipment (RPE) along with information on installing, testing, and maintaining RPE equipment
- a description of Intelligent Peripheral Equipment (IPE) that is remotely located from a Meridian 1 system and interconnected over a fibre-optic link along with information on installing, configuring, testing, and maintaining fibre remote IPE equipment

## **Software Features – A0804751**

- descriptions of all network features and services available with a specific software generic and release
- detailed procedures for adding, changing, printing, or removing a feature or service through software
- operating tests and procedures (where necessary) for features and services
- procedures for performing software updates and conversions
- traffic measurement information

## **Software Input/Output Guide – A0804753**

- a comprehensive listing of prompts and responses for administration programs
- detailed listings of all commands and responses for maintenance programs
- listings and interpretations of system messages and display codes

## **Software System Management – A0804757**

- an overview of how to use the input/output system
- descriptions of system OA&M applications
- descriptions of system CDR
- descriptions of system security
- description of the Emergency Services Access product
- information on the Traffic set-based administration feature

## **Networking – A0804767**

- an overview of ISDN, Primary Rate Interface (PRI) and Basic Rate Interface (BRI)
- descriptions of Network system OA&M applications
- descriptions of all features and services available with a specific software generic and release
- descriptions of all Networking features and services available with a specific software generic and release

## **Data Features – A0804771**

- an overview of Data Features
- descriptions of Data applications
- descriptions of all Data Features and services available with a specific software generic and release

## **Automatic Call Distribution – A0804775**

- overview of Automatic Call Distribution
- descriptions of all features and services available with a specific software generic and release
- description of Automatic Call Distribution administration and maintenance.

**X11 Hospitality – A0804777**

- Tan overview of Meridian 1 Hospitality Features
- descriptions of all features and services available with a specific software generic and release
- information on the Hospitality administration feature

**DPNSS1 – A0788073**

- an overview of DPNSS1
- descriptions of DPNSS1 applications
- descriptions of all DPNSS1 and services available with a specific software generic and release

**DASS2 – A0788088**

- a brief overview of DASS2
- descriptions of DASS2 applications
- descriptions of all DASS2 and services available with a specific software generic and release

## Manual Publications

The following section provides a detailed list of the publications in the specific manuals. It also includes information on the arrangement of manuals, documents, and tabs.

### P0912432 – Library Navigator

TAB TITLE	NTP NUMBER	RELEASE NUMBER
Introducing the Meridian 1 Library	553-3001-000	18.00
Document Summaries	553-3001-000	18.00
Master Index	553-3001-000	18.00

### A0804746 – Planning and Engineering

TAB TITLE	NTP NUMBER	RELEASE NUMBER
Digital Telephone Line Engineering	553-2201-180	4.00
International Loss and Level Plan Planning and Engineering	553-2201-181	5.00
Power Engineering	553-2201-182	11.00
System Overview	553-3001-100	16.00

Emergency Services Access Product Description and Administration	553-3001-313	2.00

## A0804767 – Networking

TAB TITLE	NTP NUMBER	RELEASE NUMBER
Electronic Switched Network Signaling Guidelines	309-3001-180	4.00
Electronic Switched Network Transmission Guidelines	309-3001-181	4.00
Basic and Network Alternate Route Selection General Description	553-2751-100	10.00
Network Queuing Description	553-2751-101	4.00
Coordinated Dialing Plan Description	553-2751-102	5.00
Basic and Network Authorization Code Description	553-2751-103	7.00
Flexible Numbering Plan Description, Operation and Administration	553-2751-105	6.00
Multifrequency Compelled Signaling Description, Hardware and Engineering	553-2861-100	4.00
Feature Group D Description and Operation	553-2901-102	4.00
ISDN PRI Installation	553-2901-201	6.00

<b>TAB TITLE</b>	<b>NTP NUMBER</b>	<b>RELEASE NUMBER</b>
ISDN PRI/BRI Feature Description and Administration	553-2901-301	9.00
ISDN PRI Maintenance	553-2901-501	5.00
ISDN Basic Rate Interface Product Description	553-3901-100	7.00
ISDN Basic Rate Interface Installation	553-3901-200	7.00
ISDN Basic Rate Interface Administration	553-3901-300	7.00
ISDN Basic Rate Interface Acceptance Testing	553-3901-330	6.00
ISDN Basic Rate Interface Maintenance	553-3901-500	6.00

### **A0804771 – Data Features**

<b>TAB TITLE</b>	<b>NTP NUMBER</b>	<b>RELEASE NUMBER</b>
Meridian Data Services Description	553-2731-100	5.00
Meridian Communications Unit and Meridian Communications Adapter Description, Installation, Administration, Operation	553-2731-109	5.00
Transparent Data Networking	553-2731-110	3.00
Meridian Data Features Traffic Engineering and Configuration	553-2731-151	6.00
Meridian Data Features Operations and Tests	553-2731-300	4.00
NT7D16 Data Access Card Description and Operation	553-3001-191	4.00

## **A0804775 – Automatic Call Distribution**

<b>TAB TITLE</b>	<b>NTP NUMBER</b>	<b>RELEASE NUMBER</b>
Automatic Call Distribution Features Description	553-2671-110	7.00
Automatic Call Distribution Management Commands and Reports	553-2671-112	6.00
Network ACD Description and Operation	553-3671-120	10.00

## **A0804777 – Hospitality Features**

<b>TAB TITLE</b>	<b>NTP NUMBER</b>	<b>RELEASE NUMBER</b>
Background Terminal Facility Description	553-2311-316	11.00
Message Center Description and Operation	553-2691-100	8.00
Message Registration Description and Operation	553-2701-101	4.00
Buffer Interface/Protocol Converter Description	553-2801-100	5.00
Property Management System Interface	553-2801-101	9.00

**A0788073 – DPNSS1**

<b>TAB TITLE</b>	<b>NTP NUMBER</b>	<b>RELEASE NUMBER</b>
DPNSS1 Product Overview Guide	553-3921-100	6.00
DPNSS1 Installation Guide	553-3921-200	5.00
DPNSS1 Features and Services Guide	553-3921-300	7.00
DPNSS1 Maintenance Guide	553-3921-500	5.00

**A0788088 – DASS2**

<b>TAB TITLE</b>	<b>NTP NUMBER</b>	<b>RELEASE NUMBER</b>
DASS2 Product Overview Guide	553-3911-100	6.00
DASS2 Installation Guide	553-3911-200	5.00
DASS2 Features and Services Guide	553-3911-300	6.00
DASS2 Maintenance Guide	553-3911-500	5.00

# NTP Listing of Meridian X11 Library

## Software supported for each Meridian system type

Use the following list to locate X11 release levels that each system type supports.

System Type	Lowest Supported Release Level	Highest Supported Release Level
51C	20	25
61C	19	25
81	18	25
81C	21	25

## Detailed NTP Listing

The listing below provides the publication title, order number and release number of the current Meridian 1 NTP library. This list is included with new library shipments (except as noted). The NTPs are available in both paper and CD-ROM formats.

**Table 4**  
**NTP LISTING**

NTP Number	Release Number	Publication Title	Order Number
309-3001-180	4.00	Electronic Switched Network Signaling Guidelines	A0804767

**Table 4**  
**NTP LISTING**

<b>NTP Number</b>	<b>Release Number</b>	<b>Publication Title</b>	<b>Order Number</b>
<b>309-3001-181</b>	4.00	Electronic Switched Network Transmission Guidelines	A0804767
<b>553-2001-320</b>	22.00	Software Conversion Procedures	A0804748
<b>553-2001-450</b>	13.00	Traffic Measurement Formats and Output	A0804757
<b>553-2201-117</b>	9.00	Attendant Consoles Description	A0804747
<b>553-2201-180</b>	4.00	Digital Telephone Line Engineering	A0804746
<b>553-2201-181</b>	5.00	International Loss and Level Plan Planning and Engineering	A0804746
<b>553-2201-182</b>	11.00	Summary of Transmission Parameters	A0804746

## User Guide/Reference Guide

---

This chapter provides a listing of the telephone and console user guides, and quick reference cards that are currently available.

P0 Number	Publication Title
P0661883	Asynchronous Data user guide
P0667329	Attendant Administration user guide
P0677591	Single-Line Telephone quick reference card
P0677592	Multi-Line Telephone quick reference card
P0687153	RS-232 user guide
P0690763	M2317 quick reference card
P0696749	High Speed Data Module user guide
P0702800	Attendant Administration quick reference card
P0704096	Meridian Modular Telephone Display quick reference card
P0705986	Meridian Programmable Data Adaptor user guide
P0706836	M2250 Display Module installation quick reference card
P0706875	Busy Lamp Field/Console Graphics Module user guide
P0707561	Attendant Console Stand installation quick reference card
P0713593	Attendant Supervisory Module installation quick reference card
P0728490	Guest Wake-Up quick reference card
P0735534	M1250/2250 Attendant Console quick reference card

P0 Number	Publication Title
P0738417	ACD Package-C Supervisor's user guide
P0740427	Background Terminal user guide
P0743724	MCA/MCU
P0744255	ACD 500-type telephone quick reference card
P0744256	M2216 quick reference card
P0744258	ACD Agent user guide
P0744260	M2317 user guide
P0744261	M3000 Touchphone user guide
P0744262	Regular Telephone user guide
P0747008	Customer Controlled Routing user guide
P0800567	500/2500 Telephones user guide
P0813948	ACD Supervisor's telephone user guide
P0813950	Standard Telephone user guide
P0834426	M1250/M2250 Attendant Console user guide
P0902627	Meridian Digital Telephones, M2006, M2008/M2008HF, and M2616 user guide
P0902628	Meridian Digital Telephones and Options, M2000 Series quick reference guide
P0902629	Meridian Digital Telephones, M2216ACD Telephone user guide
P0903265	Computer Telephony Integration Adapter (CTIA) installation guide
P0903627	Meridian Digital Telephones, M3901 - M3904 user guide (Phase I, X11 Release 24)
P0903628	Meridian Digital Telephones, M3902 - M3904 quick reference guide (Phase I, X11 Release 24)
P0903629	Meridian Digital Telephones, M3905 Call Center Telephone user guide

P0 Number	Publication Title
P0903630	Meridian Digital Telephones, M3905 Call Center Telephone quick reference guide
P0903781	Meridian Communications Adapter user guide
P0903785	Analog Terminal Adapter user guide
P0903793	Meridian External Alerter and Recording Interface user guide
P0903805	Meridian Digital Telephones, M3901 quick reference guide
P0905052	Accessory Connection Module installation guide
P0905053	Key-based Expansion Module installation guide
P0906307	Personal Directory PC Utility reference guide
P0907178	Meridian Digital Telephones, M3902 - M3904 quick reference guide (Phase II, X11 Release 25)
P0907180	Meridian Digital Telephones, M3901 - M3904 user guide (Phase II, X11 Release 25)
P0907186	Display-based Expansion Module installation guide

---

## Retired NTPs

---

This chapter contains a complete listing and history of all documents that are officially retired up to and including X11 Release 25.

NTP NUMBER	FINAL RELEASE NUMBER	FINAL RELEASE DATE	PUBLICATION TITLE	RETIREMENT NOTES
167-2191-200	—	10/15/79	Power Distribution Plant J2412a	
167-4201-200	—	08/12/77	UT1 Power Description, Installation and Maintenance	
169-2181-200	—	October 1984	J2357D Rectifier	
309-3001-100	8.00	October 1997	Electric Switched Network Description	Redundant Content
553-2001-100	4.00	December 1994	Japanese Features and Services	Redundant Content
553-2001-110	2.00	12/01/91	SL-1 Telephones and Add-on Modules Description	Replaced by 553-3001-108
